AYARA FOUNDATION SWITZERLAND & HUSTLE FOR HUMANITY GAMBIA

STAFF RECRUITMENT | OCTOBER 2026

# Workshop Fabrication Lead

**Plastic Loop Gambia · Greater Banjul Area, The Gambia**

## About the project

Hustle for Humanity Gambia (HFH-G), in partnership with Ayara Foundation Switzerland, is preparing to launch **Plastic Loop Gambia**, a circular-economy project that collects and processes discarded plastic in the Greater Banjul Area, turns it into useful products, and creates employment and income opportunities, particularly for vulnerable groups. This initiative is currently pending final approval and funding from our donors; recruitment will proceed only upon formal approval and disbursement of funds. Only shortlisted candidates will be contacted for interview.

| | |
|---|---|
| **Employment type** | Full-time contract |
| **Duration** | 12 months, renewable depending on performance and project funding |
| **Location** | Project sites, The Gambia (Greater Banjul Area) |
| **Remuneration** | Competitive, commensurate with qualifications and experience |
| **Supervises** | Fabricators, welders, machinists, fitters, apprentices and other workshop personnel |

## Job purpose

The Workshop Fabrication Lead coordinates and supervises fabrication activities within the workshop, ensuring that all work is completed safely, efficiently, on schedule, and in accordance with approved drawings, specifications, quality standards and applicable regulations.

## Key responsibilities

- Lead and coordinate workshop fabrication activities, planning daily and weekly work with the Workshop Manager.
- Supervise cutting, forming, fitting, welding, machining, assembly and finishing activities.
- Promote and enforce safe working practices, including toolbox talks, job safety analyses and PPE use.
- Ensure fabrication activities comply with approved quality plans, inspection and test plans, and applicable standards.
- Lead, motivate and support workshop personnel, mentoring apprentices and less experienced staff.
- Monitor the use and condition of workshop tools, machinery, consumables and equipment, and coordinate maintenance.
- Provide regular updates on production progress, workforce needs, safety, quality and delays.

## Qualifications and experience

- Technical degree, certification or qualification in welding, fabrication, mechanical fitting, machining or a related field.
- 5 to 8 years of supervisory or lead-hand experience in a fabrication or engineering workshop, preferably in waste management, recycling or sustainability.
- Strong understanding of circular economy principles and plastic waste challenges.
- Excellent communication, interpersonal and problem-solving skills; able to work independently and in a multidisciplinary team.
- Proficiency in English and relevant local languages, and MS Office tools.

## How to apply

Interested candidates are invited to submit a CV and a cover letter detailing their suitability for this position to **plasticloopgambia@gmail.com**.

Hustle for Humanity Gambia (HFH-G) is carrying out this recruitment as the local implementation lead, in partnership with Ayara Foundation Switzerland as the international programme lead. Hustle for Humanity Gambia and Ayara Foundation Switzerland are equal opportunity employers that value diversity. Women and candidates from underrepresented groups are strongly encouraged to apply.
